

## THE MANUFACTURER

Established in 1958, LiuGong is currently the largest Chinese manufacturer of construction equipment. LiuGong has a total of 24 manufacturing facilities worldwide and employs more than 12,000 people including 1,000 engineers working in three world-class research and development facilities. The company supports its global product lines with a rapidly growing network of 320 dealers across 6 continents in 130 countries. The LiuGong dealer network provides over 2,650 sales outlets around the world. LiuGong place focus and emphasis on quality and after sales service, which is demonstrated in their commitment to the Six Sigma Methodology and compliance with ISO 9000 standards. After a rigorous review, LiuGong was awarded China's National Quality Award. LiuGong South Africa (Pty) Ltd is located in Gauteng, on a 20 000 m<sup>2</sup> parts storage facility supplying parts, services, warranty support and technical expertise to Africa. Reliable local manufacturer support provides our customers with product confidence, the benefits of less down-time and on site collection and delivery service. This support adds value to our competitive brand and upholds customer service and productivity as our policy. View the LiuGong Full Line of Forklifts available at:

CES

## THE COMPANY

CES Forklift is the importing and marketing agent for LiuGong Forklifts and material handling equipment in South Africa. CES Forklift has branches in all major cities and can provide national backup and support. Importing via the ports of Durban, Cape Town and Port Elizabeth ensure lower overall costs and parts availability across South Africa. LiuGong is committed to world-class quality and engineering.

The result is easy operation, easy maintenance and easy ownership. Liugong is the only manufacturer of construction equipment in China to win the National Quality Award, ISO 9000, CE and ISO 14,000 certifications. This translates to dependability in the field with off-the-shelf part availability and a standard one-year, 2,000 hour factory warranty.

The manufacturer's local presence in South Africa, facilitate on-hand technical support, superior access to parts, as well as speedy resolution of distribution issues, and warranty claims. LiuGong has proven themselves with over 2000 machines in operation in South Africa. You owe it to yourself to discover the value of LiuGong Forklifts!

# LIUGONG FORKLIFTS

• Sales • Rentals • Parts • Service & Back-up • Finance

## ELECTRIC FORKLIFT

**A-T SERIES**

Base Capacity 1,500kg  
Up to 1,800kg

Dual Motor (SME)

**A SERIES**

Base Capacity 1,500kg  
Up to 2,500kg

Dual Motor (SME)

**A-S SERIES**

Base Capacity 1,500kg  
Up to 3,000kg

Single Motor  
SME controller

## INTERNAL COMBUSTION FORKLIFTS (LPG, Dual & Diesel)

**CPCD15**

Base Capacity 1,500kg  
Service Weight 2,600kg

Turning Radius 1,950mm  
Rated Power 30/2,600 kW/rpm

**CPCD20**

Base Capacity 2,000kg  
Service Weight 3,480kg

Turning Radius 2,200mm  
Rated Power 36.8 / 2,650 kW/rpm

**CPCD25**

Base Capacity 2,500kg  
Service Weight 3,780kg

Turning Radius 2,285mm  
Rated Power 35.4/2,500 kW/rpm

**CPCD30 A**

Base Capacity 3,000kg  
Service Weight 4,230kg

Turning Radius 2,400mm  
Rated Power 36.8/2,600 kW/rpm

**CLG2030H (LPG)**

Base Capacity 3,000kg  
Service Weight 4,550kg

Turning Radius 2,415mm  
Rated Power 37.4/2,300 kW/rpm

**CPCD35 A**

Base Capacity 3,500kg  
Service Weight 4,430kg

Turning Radius 2,435mm  
Rated Power 36.8/2,650 kW/rpm

**CLG2035H (LPG)**

Base Capacity 3,500kg  
Service Weight 4,750kg

Turning Radius 2,540mm  
Rated Power 37.4/2,300 kW/rpm

**CLG2050 (LIGHT)**

Base Capacity 5,000kg  
Service Weight 7,000kg

Turning Radius 2,800mm  
Rated Power 60/2,200 kW/rpm

**CLG2050H**

Base Capacity 5,000kg  
Service Weight 8,000kg

Turning Radius 3,250mm  
Rated Power 81/2,500 kW/rpm

**CLG2060H**

Base Capacity 6,000kg  
Service Weight 8,500kg

Turning Radius 3,300mm  
Rated Power 81/2,500 kW/rpm

**CLG2070H**

Base Capacity 7,000kg  
Service Weight 9,300kg

Turning Radius 3,550mm  
Rated Power 81/1,650 kW/rpm

**CLG2080H**

Base Capacity 8,000kg  
Service Weight 11,500kg

Turning Radius 3,750mm  
Rated Power 92/2,200 kW/rpm

**CLG2100H**

Base Capacity 10,000 kg  
Service Weight 12,800kg

Turning Radius 3,850mm  
Rated Power 92/2,200 kW/rpm

**CLG2160H**

Base Capacity 16,000kg  
Service Weight 19,750kg

Turning Radius 4,885mm  
Rated Power 129/2,200 kW/rpm
